Agano Consulting Inc. and **Agano Consulting Ltd** are sister consulting, training and research firms, incorporated in Canada and Kenya, respectively. We help businesses, government and non-government organizations meet their consulting, research and training needs; and employ diverse expertise and experience to offer solutions in Strategic Planning, Information Communication Technologies (ICTs), Market Research and Training. We use an integrated approach to solution design to ensure optimal solutions and outcomes, and leverage our consultants' deep subject matter expertise, experience and track record for effective engagement delivery. We seek partnership with customers to meet their challenges in order to meet promises made and in the process become the trusted partner in areas of collaboration. Our services include:

1. Consulting with focus on IT Governance, Security & Risk Management

We focus on broad range of areas with emphasis in Information Communication Technologies (ICTs). Services pertain to strategic advice, policy review and recommendations, policy development, program design and implementation. Specific focus on IS Governance & Strategy; IS Policy, Standards and Guidelines, Education & Awareness, Security Risk & Compliance Assessments, Vulnerability Management & Pen-Testing, PCI and ISO27001 certification readiness, Digital Forensics.

2. Training with focus on IT and Information Security Risk Management

Training is based customer needs and can be turnkey or specific for your needs aligned with the core competences of our teams. Training targets all areas of expertise and spans a whole range of needs starting with top management to the shop floor. *A key focus area is IT Governance, Security and Risk Management* with courses such as CISSP Bootcamp, IS Auditor Training, Disaster Recovery Planning and Business Continuity

3. Research with focus on ICT Market Research

We offer services that focus on results with deep insights on specific problems in a broad range of expertise drawn from ICTs, SME, Economics, Environment, Social Research and Education. Assignments can focus on matters of policy development, benchmarking and program evaluation.

4. Staff Augmentation with focus on IT and Information Risk Management Professionals

We can augment skills in a company where the need arises. Often companies may not have the resources to meet specific needs that may be required for a time. Our staff and associates are qualified for such positions as Chief Information Security Officer (CISO), Information Security Managers, and Information Security Analysts.

5. International Business Outsourcing with focus on African Markets

Our company works with outsourcing clients to match their needs with outsourcing partners and ensure successful deal implementation.
